## Clean & Maintain in 4 Easy Steps

### Step 1

Wash with NuFinish Orange Power Car Wash. Won't streak or spot or strip away wax or polish

### Step 2

Remove scuffs, oxidation and fine scratches from paint work. Ideal to use on heavily oxidated surfaces prior to applying Nu Finish Polish

### Step 3

Polish with NuFinish, the Once a Year Car Polish. No hard buffing required, just wipe it on and wipe it off

### Step 4

Enhance your shine between polishes with Nu Finish Rapid Shine. The non drip - streak free formula protects 3 times longer than other spray detailers
